| Career Cluster(s): | Health Science |
| Grade Level: | 6-12 |
| Standards & Skills: | W.8.1 Write arguments to support claims with clear reasons and relevant evidence SL.8.4 Present claims or findings, emphasizing salient points in a focused, coherent manner with relevant evidence, sound valid reasoning, and well-chosen details; use appropriate eye contact, adequate volume, and clear pronunciation |

Problem Description:

Your local high school needs an athletic trainer for their school system. There is opposition from school board members and community members. How do you convince them of the need for an athletic director?

Things to be considered or defined for the solution:

- Current location
- There is only one high school in the school system
- Demand for athletic training services/evidence for this
